INDEPENDENT AUDITOR'S REPORT

To the Members of Lumax Alps Alpine India Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Lumax Alps Alpine India Private Limited ("the Company"), which comprise the Balance Sheet as at March 31 2024, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company

S.R. BATLIBOI & CO. LLP * NEW DELHI *

in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and

S.R. BATLIBOI & CO. LLP
NEW DELHI

timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Sub-section (11) of Section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph (i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;

   (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;

   (f) With respect to the adequacy of the internal financial controls with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

   (g) The provisions of Section 197 read with Schedule V of the Act are not applicable to the Company for the year ended March 31, 2024;

   (h) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above on reporting under Section 143(3)(b) and paragraph (i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;

   (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

S.R. BATLIBOI & CO. LLP NEW DELHI

iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

v. No dividend has been declared or paid during the year by the Company.

vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that audit trail feature is not enabled for application's underlying database and the same is also not enabled for certain changes made using privileged/ administrative access rights, as described in note 44 to the Ind AS financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of accounting software.

Annexure 1 referred to in paragraph 1 under the heading "Report on other legal and regulatory requirements" of our report of even date

Re: Lumax Alps Alpine India Private Limited ('the Company')

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i)(a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(i)(a)(B) The Company has maintained proper records showing full particulars of intangible assets.

(i)(b) Property, plant and equipment have been physically verified by the management during the year and no material discrepancies were identified on such verification.

(i)(c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company.

(i)(d) The Company has not revalued its property, plant and equipment (including right of use assets) or intangible assets during the year ended March 31, 2024.

(i)(e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii)(a) The management has conducted physical verification of inventories at reasonable intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate. No discrepancies of 10% or more in aggregate for each class of inventory were noticed on such physical verification.

(ii)(b) The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.

(iii)(a) During the year, the Company has provided loans to its employees as follows-

(INR in lakhs)

Particulars	Amount
Aggregate amount granted/ provided during the year to employees	3.00
Balance outstanding as at March 31, 2024	2.50

Apart from above, during the year, the Company has not provided loans, advances in the nature of loans, stood guarantee and provided security to companies, firms, limited liability partnerships or other parties.

(iii)(b) During the year, the terms and conditions of the grant of loans to its employees are not prejudicial to the Company's interest. During the year, the Company has not made investments, provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties.

(iii)(c) The Company has granted loans during the year to its employees where the schedule of repayment of principal has been stipulated and the repayment or receipts are regular. Apart from above, the

S.R. BATLIBOI & CO. LLP * NEW DELHI *

Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties.

(iii)(d) There are no amounts of loans and advances in the nature of loans granted to its employees which are overdue for more than ninety days. Apart from above, the Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties.

(iii)(e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties which had fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

(iii)(f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.

(iv) There are no loans, investments, guarantees, and security in respect of which provisions of Sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of Sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the products of the Company.

(vii)(a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of custom, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed dues in respect of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, duty of custom, value added tax, cess and other statutory dues which were outstanding, at the year end, for a period of more than six months from the date they became payable.

(vii)(b) There are no dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, duty of custom, cess, and other statutory dues which have not been deposited on account of any dispute.

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.

(ix)(a) The Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the year. Accordingly, the requirement to report on clause ix(a) of the Order is not applicable to the Company.

(ix)(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(ix)(c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.

(ix)(d) The Company did not raise any funds during the year hence, the requirement to report on clause (ix)(d) of the Order is not applicable to the Company.

S.R. BATLIBOI & CO. LLP * NEW DELHI *

(ix)(e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.

(ix)(f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of the Order is not applicable to the Company.

(x)(a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

(x)(b) The Company has complied with provisions of Sections 42 and 62 of the Companies Act, 2013 in respect of the preferential allotment of shares during the year. The funds raised, have been used for the purposes for which the funds were raised.

(xi)(a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.

(xi)(b) During the year, no report under Sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by us in Form ADT –4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(xi)(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii)(a) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a) of the Order is not applicable to the Company.

(xii)(b) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(b) of the Order is not applicable to the Company.

(xii)(c) The Company is not a nidhi company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with Sections 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of Section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order insofar as it relates to Section 177 of the Act is not applicable to the Company.

(xiv)(a) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act, 2013. Therefore, the requirement to report under clause 3(xiv)(a) of the Order is not applicable to the Company.

(xiv)(b) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act, 2013. Therefore, the requirement to report under clause 3(xiv)(b) of the Order is not applicable to the Company.

(xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi)(a) The provisions of Section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.

(xvi)(b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.

S.R. BATLIBOI & CO. LLP NEW DELHI

(xvi)(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.

(xvi)(d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) The Company has not incurred cash losses in the current financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 41 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx)(a) The provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(a) of the Order is not applicable to the Company.

(xx)(b) The provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF LUMAX ALPS ALPINE INDIA PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Ind AS financial statements of Lumax Alps Alpine India Private Limited ("the Company") as of March 31, 2024, in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Ind AS financial statements included obtaining an understanding of internal financial controls with reference to these Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these Ind AS financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

S.R. BATLIBOI & CO. LLP NEW DELHI

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Lumax Alps Alpine India Private Limited *

1. Corporate information

Lumax Alps Alpine India Private Limited is a private limited company incorporated on September 21, 2021 under the Companies Act, 2013. The Company is primarily engaged in the business of manufacturing of automotive equipments. It is a subsidiary company of Lumax Auto Technologies Limited. The registered office of the Company is 2nd Floor, Harbans Bhawan-II, Commercial Complex, Nangal Raya, New Delhi South West Delhi DL 110046 India.

The financial statements were authorised for issue in accordance with a resolution of the directors on May 22, 2024.

2 Material accounting policies

2.1 Basis of Preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the financial statements.

The financial statements have been prepared on a historical cost basis.

The Company has prepared the financial statements on the basis that it will continue to operate as a going concern.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lakhs (INR 00,000), except wherever otherwise stated.

2.2 Summary of material accounting policies

A. Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet.

B. Foreign currencies

Functional and presentational currency

The Company's financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which a company operates and is normally the currency in which the Company primarily generates and expends cash. All amounts have been rounded-off to the nearest lakhs and two decimals thereof, unless otherwise stated.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or statement of profit or loss are also recognised in OCI or statement of profit or loss, respectively).

S.R. BATLIBOI & CO. LLP ★ NEW DELHI ★

Lumax Alps Alpine India Private Limited ★

In determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which the Company initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Company determines the transaction date for each payment or receipt of advance consideration.

C. Property, plant and equipment

Capital work in progress is stated at cost, net of accumulated impairment loss, if any. Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred.

Items of stores and spares that meet the definition of plant, property and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Depreciation on property, plant and equipment

Depreciation is calculated on a straight-line basis over the estimated useful lives as prescribed in Schedule II to the Companies Act, 2013 or as estimated by the management based on technical assessment. The Company has used the following useful lives to provide depreciation on its property, plant and equipment:

Particulars	Useful lives as per Schedule II	Useful Lives estimated by the management (in years)
Computers	3	3
Office equipment	5	5
Furniture and fixtures	10	10
Plant and equipment	15	9-21 years
Vehicles	8	5

Leasehold improvement is amortised on a straight-line basis over the period of lease term.

The residual value of property, plant and equipment is considered at 2%.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and adjusted prospectively, if appropriate. In particular, the Company considers the impact of health, safety and environment legislation in its assessment of expected useful lives and estimated residual values.

The Company, based on management estimate, depreciates certain items of plant and equipment and vehicles over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

D. Intangible assets

Recognition and measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment loss, if any. Internally generated intangible

S.R. BATLIBOI & CO. LLP NEW DELHI

Lumax Alps Alpine India Private Limited

assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit or loss in the year in which the expenditure is incurred.

The useful life of intangible assets are assessed as finite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortization period and amortization method of the intangible asset with a useful finite life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the assets are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another assets.

Intangible Assets	**Estimated Useful Life (Years)**
Computer Software	Over the estimated economic useful lives of 4 years

Intangible assets are amortised on a straight-line basis over the estimated useful economic life. Amortisation method, useful life and residual values are reviewed at the end of each financial year and adjusted if appropriate.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

E. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i. Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the asset, as follows:

Building 5 years

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section Impairment of non-financial assets.

ii. Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a

S.R. BATLIBOI & CO. LLP ★ NEW DELHI ★

Lumax Alps Alpine India Private Limited ★

purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii. Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

F. Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted as follows:

- **Raw materials, components, stores and spares:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted moving average basis.

- **Work-in-progress and finished goods:** Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted moving average basis.

- **Moulds:** Cost includes cost of purchase and other costs incurred in bringing the moulds to its present location and condition. Cost is determined on moving weighted average basis.

  Stores and spares which do not meet the definition of property, plant and equipment are accounted as inventories.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

G. Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units' (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

S.R. BATLIBOI & CO. LLP NEW DELHI

Lumax Alps Alpine India Private Limited

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Company operates, or for the market in which the asset is used.

Impairment losses of non-financial assets, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Intangible assets with indefinite useful lives are tested for impairment annually at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

H. Revenue from contracts with customers

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods before transferring them to the customer.

(i) **Sale of products**

Revenue from sale of products is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the product. The normal credit term is 30 to 90 days upon delivery.

(ii) **Trade receivables**

A receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section "financial instruments - initial recognition and subsequent measurement".

(iii) **Interest Income**

Interest income is accrued on a time basis, by reference to the principal outstanding and recorded using the Effective Interest Rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the EIR, the Company estimates the estimated cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

I. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company recognizes contribution payable to the provident fund scheme as an expense when an employee renders the related service.

The Company operates a defined benefit gratuity plan in India. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

S.R. BATLIBOI & CO. LLP NEW DELHI

Lumax Alps Alpine India Private Limited

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit obligation liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company recognizes expected cost of short-term employee benefit as an expense, when an employee renders the related service.

J. Provisions

General

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

K. Taxes

Income tax comprises current and deferred tax.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in Ind AS other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company shall reflect the effect of uncertainty for each uncertain tax treatment by using either most likely method or expected value method, depending on which method predicts better resolution of the treatment.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

S.R. BATLIBOI & CO. LLP NEW DELHI

Lumax Alps Alpine India Private Limited

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside statement of profit or loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

L. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

M. Earnings per share (EPS)

Basic EPS is calculated by dividing the net profit or loss for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

N. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

(a) In the principal market for the asset or liability, or
(b) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

S.R. BATLIBOI & CO. LLP NEW DELHI

Lumax Alps Alpine India Private Limited

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents, if any.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.
• Quantitative disclosure of fair value measurement hierarchy
• Financial instruments (including those carried at amortised cost)

O. Financial instruments

A financial instrument is a contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity.

Financial Assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

S.R. BATLIBOI & CO. LLP * NEW DELHI *

Lumax Alps Alpine India Private Limited *

Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section "Revenue from contracts with customers".

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

a) Financial assets at amortised cost (debt instruments)

b) Financial assets at fair value through other comprehensive income (FVTOCI) with recycling of cumulative gains and losses (debt instruments)

c) Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)

d) Financial assets at fair value through profit or loss

a) Financial assets at amortised cost

A financial asset is measured at the amortised cost if both the following conditions are met:

(i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and

(ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The accretion of EIR is recorded as an income or expense in statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

b) Financial assets at FVTOCI (debt instruments)

A 'financial asset' is classified as at the FVTOCI if both of the following criteria are met:

(i) Financial assets at fair value through other comprehensive income (FVTOCI) with recycling of cumulative gains and losses (debt instruments)

(ii) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. For debt instruments, at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value changes recognised in OCI is reclassified from the equity to profit or loss.

S.R. BATLIBOI & CO. LLP * NEW DELHI *

Lumax Alps Alpine India Private Limited *

c) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit or loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the Company's Balance Sheet) when:

(i) The rights to receive cash flows from the asset has expired, or
(ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss.
All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.
The Company's financial liabilities include trade payables, lease liabilities and other payables.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

a) Financial liabilities at amortised cost
b) Financial liabilities at fair value through profit and loss (FVTPL)

a) Financial liabilities at Amortized cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EI R method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

S.R. BATLIBOI & CO. LLP NEW DELHI

Lumax Alps Alpine India Private Limited

Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

P. Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) for financial assets. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Q. Dividend

The Company recognises a liability to pay dividend to equity holders of the Company when the distribution is authorised, and the distribution is no longer at the discretion of the Company. As per corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.3 New and amended standards

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated March 31, 2023 to amend the following Ind AS which are effective for annual periods beginning on or after April 01, 2023.

(i) Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

(ii) Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their material accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

S.R. BATLIBOI & CO. LLP NEW DELHI

Lumax Alps Alpine India Private Limited

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

(iii) Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The Company previously recognised for deferred tax on leases on a net basis. As a result of these amendments, the Company has recognised a separate deferred tax asset in relation to its lease liabilities and a deferred tax liability in relation to its right-of-use assets. Since, these balances qualify for offset as per the requirements of paragraph 74 of Ind AS 12, there is no impact in the balance sheet. There was also no impact on the opening retained earnings as at April 01, 2022.

2.4 Standards notified, not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

31 Components of Other Comprehensive Income (OCI)

The disaggregation of changes to OCI by each type of reserve in equity:

	For the Year Ended March 31, 2024	For the Year Ended March 31, 2023
Re-measurement gains/ (losses) on defined benefit obligation	(0.91)	0.09
Deferred tax thereon	0.23	(0.02)
	(0.68)	**0.07**

32 Earnings per share (EPS)

a) Basic EPS amounts are calculated by dividing the Profit/ (loss) for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year. Basic and diluted EPS are same as there are no convertible financial instruments outstanding as on March 31, 2024

b) **The following reflects the income and share data used in the basic and diluted EPS computations:**

	For the Year Ended March 31, 2024	For the Year Ended March 31, 2023
Profit/ (loss) attributable to the equity holders of the Company (INR in Lakhs)	72.40	(44.12)
Weighted average number of equity shares for basic and diluted EPS	1,25,08,470	1,21,00,000
Basic and diluted earnings per share (face value INR 10 per share) (INR)	0.58	(0.36)

c) There has not been any transactions involving equity shares or potential equity shares between the reporting date and the date of authorisation of these financial statements.

33 Gratuity and other post-employment benefit plans

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

A) Defined contribution plans

During the year, the Company has recognized the following amounts in the statement of profit and loss :

	For the Year Ended March 31, 2024	For the Year Ended March 31, 2023
Employer's contribution to provident fund (refer note 27)	7.35	5.99

B) Defined benefit obligation

a) The following tables summarise the components of net benefit expense recognised in the Statement of profit or loss :

	For the Year Ended March 31, 2024	For the Year Ended March 31, 2023
	Gratuity	Gratuity
Cost for the year included under employee benefit expense		
Current service cost	2.37	1.82
Interest cost	0.37	0.49
Gratuity expense (refer note 27)	**2.74**	**2.31**

b) Amounts recognised in statement of other comprehensive/ income

	For the Year Ended March 31, 2024	For the Year Ended March 31, 2023
	Gratuity	Gratuity
Opening amount recognised in OCI outside statement of profit or loss	**0.51**	**0.60**
Remeasurement loss/ (gain) on defined benefit obligation	0.91	(0.09)
Total remeasurement Cost / (Credit) for the year recognised in OCI	**0.91**	**(0.09)**
Closing amount recognised in OCI outside statement of profit and loss	**1.42**	**0.51**

c) Mortality table

	As at March 31, 2024	As at March 31, 2023
	Gratuity	Gratuity
Mortality table	IALM(2012-14) ult	IALM(2012-14) ult
Economic assumptions		
1 Discount rate	7.20%	7.40%
2 Rate of increase in compensation levels - for the first two years	8.00%	8.00%
Demographic assumptions		
1 Expected average remaining working lives of employees (years)	10.57	9.58
2 Retirement Age (years)	58 years	58 years
3 Mortality Rate	Indian Assured Lives Mortality (2012-14) ultimate	
Withdrawal Rate		
1 upto 30 years	8.00%	8.00%
2 Ages from 31-40	8.00%	8.00%
3 Ages from 41-50	8.00%	8.00%
4 Above 50 years	8.00%	8.00%

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

All amounts are presented in INR Lakhs, unless otherwise stated

d) Net liabilities recognized in the Balance Sheet and experience adjustments on actuarial (gain) / loss for defined benefit obligation

	As at March 31, 2024 Gratuity	As at March 31, 2023 Gratuity
Balance as at the beginning of the year	9.20	0.60
Transfer in	-	6.38
Current service cost	2.37	1.82
Interest cost	0.37	0.49
Benefit paid	(8.14)	-
Actuarial loss/(gain)	0.91	(0.09)
Balance as at the end of the year	**4.71**	**9.20**
Current liability	**0.07**	**7.08**
Non current liability	**4.64**	**2.12**
Total	**4.71**	**9.20**

e) Benefit liability:

	As at March 31, 2024 Gratuity	As at March 31, 2023 Gratuity
Present value of defined benefit obligation ("DBO")	4.71	9.20
Net benefit liability	**4.71**	**9.20**

f) A quantitative sensitivity analysis for significant assumption is as shown below:

	As at March 31, 2024 Gratuity	As at March 31, 2023 Gratuity
	Gratuity	**Gratuity**
A. Discount rate		
Effect on DBO due to 1% increase in Discount Rate	4.28	8.90
Effect on DBO due to 1% decrease in Discount Rate	5.21	9.54
B. Salary escalation rate		
Effect on DBO due to 1% increase in Salary Escalation Rate	5.16	9.45
Effect on DBO due to 1% decrease in Salary Escalation Rate	4.32	8.98
C. Withdrawal rate		
Effect on DBO due to 1% increase in Withdrawal rate	4.68	9.19
Effect on DBO due to 1% decrease in Withdrawal rate	4.74	9.21

g) The undiscounted expected benefit payments in future years are as follows:

	As at March 31, 2024 Gratuity	As at March 31, 2023 Gratuity
Within 1 Year	0.07	7.08
1 to 5 Years	1.73	0.96
More than 5 Years	10.07	5.99
	11.87	**14.03**

Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended March 31, 2024, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (March 31, 2023: INR Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

35 Commitments and contingencies

Capital and other commitments

36 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

I Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

a) Assessment of lease term

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated). The assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the lessee.

b) Revenue from contracts with customers

The Company applied the following judgments that significantly affect the determination of the amount and timing of revenue from contracts with customers:

• Determining method to estimate variable consideration and assessing the constraint

Certain contracts for the sale of products include a right of price revision on account of change of commodity prices/purchase price that give rise to variable consideration. In estimating the variable consideration, the Company is required to use either the expected value method or the most likely amount method based on which method better predicts the amount of consideration to which it will be entitled.

II Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a) Property, plant and equipment

The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by the management. The Company believes that the derived useful life best represents the period over which the Company expects to use these assets.

b) Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the longterm nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

c) Gratuity benefit

The cost of defined benefit plans (i.e. Gratuity benefit) is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long term government bonds with extrapolated maturity corresponding to the expected duration of the defined benefit obligation. The mortality rate is based on publicly available mortality tables for the specific countries. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis, are given in Note 33.

d) Fair value measurement of financial instrument

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Impairment of financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected loss rates. the Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

f) Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use.

The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are also relevant to other intangibles. During the year the Company has done the impairment assessment of non-financial assets and have concluded that there is no impairment in value of non-financial assets as appearing in the financial statements.

g) Lease incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore its incremental borrowing rate (IBR) to measure lease liability. The IBR is the rate of interest that the Company would have to pay to borrow over similar term, and with a similar security, the fund necessary to obtain an asset of a similar value to the Right-to-use assets in as similar economic environments. The IBR therefore effects what the Company "would have to pay" which requires estimates when no observable rates are available or when they need to be adjusted to reflect the term and conditions of the lease. The Company estimates the IBR using observable inputs such as market interest rates when available.

37 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, all equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants, if any. To maintain or adjust the capital structure, the Company reviews the fund management at regular intervals and take necessary actions to maintain the requisite capital structure.The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The company includes within net debt,interest bearing loans and borrowings, less cash and cash equivalents. At Present the Company has nil debt and hence gearing ratio as no meaning.

	As at March 31, 2024	As at March 31, 2023
Total Borrowings*	-	-
Less: cash and cash equivalents	-	-
Net debts	-	-
Capital components		
Equity Share capital	2,360.00	1,210.00
Other equity	4.15	(67.57)
Total equity	**2,364.15**	**1,142.43**
Capital and net debt	**2,364.15**	**1,142.43**
Gearing ratio (%)	**0.00%**	**0.00%**
*Excluding Lease Liablities		

38 Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments:

a) Fair value of financial assets:

	Carrying values		Fair values	
	As at March 31, 2024	As at March 31, 2023	As at March 31, 2024	As at March 31, 2023
Financial Instruments where carrying amounts that are reasonable approximations of fair values:				
Trade receivables	232.56	320.39	232.56	320.39
Cash and cash equivalents	930.00	549.91	930.00	549.91
Other Bank balances	600.00	125.00	600.00	125.00
Loans	2.50	-	2.50	-
Other financial assets	32.66	45.61	32.66	45.61
Total	**1,797.72**	**1,040.91**	**1,797.72**	**1,040.91**

b) Fair value of financial liabilities:

	Carrying values		Fair values	
	As at March 31, 2024	As at March 31, 2023	As at March 31, 2024	As at March 31, 2023
Financial liabilities measured at amortised cost				
Lease Liabilities	290.15	376.12	290.15	376.12
Trade payables	756.61	731.73	756.61	731.73
Other financial liabilities	126.66	8.94	126.66	8.94
Total	**1,173.42**	**1,116.79**	**1,173.42**	**1,116.79**

Discount rate used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of borrower which in case of financial liabilities is average market cost of borrowings of the Company and in case of financial asset is the average market rate of similar credit rated instrument. The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Lumax Alps Alpine India Private Limited

All amounts are presented in INR Lakhs, unless otherwise stated

39 Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input which has a significant effect on the fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

(a) Quantitative disclosures of fair value measurement hierarchy for assets as at March 31, 2024:

	Total (Carrying value)	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Trade receivables	232.56	-	-	232.56
Cash and cash equivalents	930.00	-	-	930.00
Other Bank balances	600.00	-	-	600.00
Loans	2.50	-	-	2.50
Other financial assets	32.66	-	-	32.66
Total	**1,797.72**	**-**	**-**	**1,797.72**

(b) Quantitative disclosures of fair value measurement hierarchy for liabilities as at March 31, 2024:

	Total (Carrying value)	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Financial Liabilities measured at fair value				
Lease liabilities	290.15	-	-	290.15
Trade payables	756.61	-	-	756.61
Other financial liabilities	126.66	-	-	126.66
Total	**1,173.42**	**-**	**-**	**1,173.42**

(c) Quantitative disclosures of fair value measurement hierarchy for assets as at March 31, 2023:

	Total (Carrying value)	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Trade receivables	320.39	-	-	320.39
Cash and cash equivalents	549.91	-	-	549.91
Other bank balance	125.00	-	-	125.00
Other financial assets	45.61	-	-	45.61
Total	**1,040.91**	**-**	**-**	**1,040.91**

(d) Quantitative disclosures of fair value measurement hierarchy for liabilities as at March 31, 2023:

	Total (Carrying value)	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Financial Liabilities measured at fair value				
Lease liabilities	376.12	-	-	376.12
Trade payables	731.73	-	-	731.73
Other financial liabilities	8.94	-	-	8.94
Total	**1,116.79**	**-**	**-**	**1,116.79**

Note : There have been no transfer between level 1 and level 2 during the year ended March 31, 2024 and year ender March 31, 2023.

40 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of trade and other payables, borrowings, security deposits and payables for property, plant and equipment. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, cash, fixed deposits and security deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks. The Company's senior management is supported by finance department that advises on financial risks and the appropriate financial risk governance framework for the Company. The Finance department provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instrument effected by market risk include loans and borrowings, deposits, FVTOCI instrument.

The sensitivity analyses in the following sections relate to the position as at March 31, 2024 and March 31, 2023.

The following assumptions have been made in calculating the sensitivity analysis

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's interest bearing financial liabilities includes borrowings with fixed interest rates.

The Company is not exposed to any interest rate risk as it does not have financial assets or liabilities the value of which will be effected on account of change in market interest rates

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

The Company transacts business in local currency as well as in foreign currency. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk.

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Exposure gain/(loss)	As at March 31, 2024		As at March 31, 2023	
	Change +5%	Change -5%	Change +5%	Change -5%
Trade Payable	(6.22)	6.22	(0.07)	0.07
Trade Receivable	0.44	(0.44)	0.10	(0.10)

Lumax Alps Alpine India Private Limited

All amounts are presented in INR Lakhs, unless otherwise stated

B. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Trade receivables

Customer credit risk is managed by the Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous Companys and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of financial assets (trade receivable).

Further, the Company's customer base majorly includes Original Equipment Manufacturers (OEMs), Large Corporates and Tier-1 vendors of OEMs. Based on the past trend of recoverability of outstanding trade receivables, the Company has not incurred material losses on account of bad debts. Hence, no adjustment has been made on account of Expected Credit Loss (ECL).

C. Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including loans from banks at an optimised cost.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

As at March 31, 2024	On Demand	Less than 1 year	1 to 5 years	> 5 years	Total
Lease liabilities	-	110.58	208.22		**318.80**
Trade and other payables	-	756.61	-	-	**756.61**
Other financial liabilities	-	126.66	-	-	**126.66**
Total	**-**	**993.85**	**208.22**	**-**	**1,202.07**

As at March 31, 2023	On demand	Less than 1 year	1 to 5 years	> 5 years	Total
Lease liabilities	-	110.58	318.80	-	**429.38**
Trade and other payables	-	731.73	-	-	**731.73**
Other financial liabilities	-	8.94	-	-	**8.94**
Total	**-**	**851.25**	**318.80**	**-**	**1,170.05**
