Gurugram, May 29, 2026 – Lumax Auto Technologies Limited (NSE: LUMAXTECH, BSE: 532796), a leading automotive component manufacturer, today announced its audited financial results for the fourth quarter and full year ended March 31st 2026, reflecting continued momentum across businesses and strategic growth areas. The Company's performance during the year was driven by sustained focus on **technology-led solutions, operational excellence, portfolio diversification and deepening partnerships with leading OEMs across evolving automotive segments.**

Consolidated Financial Highlights for Q4 & FY26:

- **Record Revenues:** Consolidated revenue from operations rose **25% YoY in Q4FY26 to ₹1,417 crore** and **34% YoY in FY26 to highest-ever annual revenue of ₹4,870 crore**, reflecting sustained growth across key product segments, continued business momentum with OEMs and strong performance in the aftermarket portfolio.
- **Enhanced Profitability:**
 - EBITDA stood at **₹208 crore at 14.7% margin in Q4FY26** and a **record ₹705 crore with improved margins of 14.5% in FY26**, driven by enhanced operational efficiencies, enhanced operating leverage and a favorable product mix with increasing contribution from value-added offerings.
 - **PAT (before minority interest) grew 22% YoY in Q4FY26 to ₹98 crore and 47% YoY in FY26 to ₹337 crore, the highest ever**, supported by continued focus on strengthening its standalone portfolio and improved utilization of operational assets.

- **Recommendation of Dividend:** The Board of Directors have recommended a dividend of ₹ 5.5 per Equity Share of ₹ 2/- each subject to approval from shareholders at the forthcoming Annual General Meeting of the Company.

The Hon'ble National Company Law Tribunal (NCLT), New Delhi Bench has approved the Schemes of Amalgamation between:

- 1) IAC International Automotive India Private Limited (IAC India) and Lumax Auto Technologies Limited
- 2) Lumax Ancillary Limited (LAL) and Lumax Auto Technologies Limited

Consequently, both IAC India and LAL have been merged with the Company which is reflected in the standalone financial results both for year ended March 31, 2026 and March 31, 2025.

Earlier in the year, the merger of Greenfuel Energy Solutions Private Limited with the SPV Company, Lumax Resources Private Limited, was approved by the Hon'ble NCLT, Chandigarh and the same has been effective from February 03, 2026. Consequently, the name of the Entity has been changed to Lumax Greenfuel Energy Solutions Pvt. Ltd.

These initiatives support sharper execution, improved scalability, stronger alignment across businesses, while enabling the Company to drive long-term value creation for all stakeholders.

Management Commentary: Commenting on the performance, **Anmol Jain, Managing Director, Lumax Auto Technologies Limited** said, "FY26 was a year of record performance for the Company, driven by strong industry demand, robust execution across businesses, sustained customer momentum and disciplined operational focus.

The Company delivered faster-than-industry growth and improved profitability during the year, supported by continued scale-up across core product segments, increasing contribution from value-added and technology-led offerings and strong momentum in the aftermarket business.

The Company remains committed to its long-term strategic priorities of portfolio diversification, technology partnerships, localisation along with future & clean mobility solutions.

The cornerstone of the Company's growth is the "BRIDGE" mid-term plan (FY26–FY31), a roadmap designed to transform the Company from a traditional Tier-1 supplier into a Tier-0.5 system integrator. This shift is fuelled by a profound trend toward premiumization across the automotive sector, as OEMs prioritize sophisticated interior cabin solutions, high-end features and software-enabled functionalities."
