

LUMAX GROUP

Lumax Group is one of India's leading manufacturers of automotive components and systems, proudly serving virtually every vehicle manufacturer in the country. With an extensive range of high-quality automotive products, the Group achieved an impressive sales turnover of INR 8,434 crores in FY2024.

The Group's journey began in 1945 with the establishment of Globe Auto Industries as a trading concern. In 1956, it marked a significant milestone by venturing into the manufacturing of automotive lighting equipment. Today, the name *Lumax* has become synonymous with automotive lighting in the Indian market.

Over the years, Lumax Group has grown into a robust conglomerate comprising 16 entities, with 40 state-of-the-art manufacturing facilities spread across seven states in India. The Group's global footprint includes six advanced Design & Engineering Centres located in India, Taiwan, and the Czech Republic.

At the heart of the Group's success is its dedicated workforce of over 15,000 employees. Committed to nurturing talent, the Group places a strong emphasis on continuous learning and development through its in-house training hub—*GURUKUL*.

Lumax's strength lies in its:

- **Innovative Product Development Capabilities**
- **Extensive Product Portfolio**
- **Uncompromising Quality Standards**
- **Widespread Original Equipment (OE) Coverage**
- **Global Export Presence**
- **Just-in-Time (JIT) Systems**
- **Ongoing Technology Upgradation**
- **Strategic International Partnerships**

In addition, the Group's expertise in establishing cutting-edge, highly productive manufacturing plants with in-house capabilities gives it a distinct competitive advantage in the dynamic automotive landscape.

With a legacy rooted in innovation, excellence, and a future-driven vision, Lumax Group continues to illuminate the path for the global automotive industry.
